## SUPPLY & INSTALLATION: TERMS & CONDITIONS OF QUOTE

You agree, by accepting this quote via payment of a 50% deposit, to the following terms and conditions:

### PAYMENT

A 50% deposit is required (by all parties IF multiple clients involved) for Kyneton Fencing to schedule works, with the complete balance due within 7 days of completion. Payment acceptable by cash or EFT to Kyneton Fencing: ANZ, BSB: 013706, Account No: 2616-66505.

### QUOTES

All Kyneton Fencing quotes are an estimate and may be subject to change under certain circumstances. Kyneton Fencing will discuss any changes prior to work commencing, if/where possible. Quotes are valid for 30 days from date of issue. All prices quoted include GST. Commencement and completion date estimates may be adjusted and/or extended by Kyneton Fencing if circumstances are beyond Kyneton Fencing's control.

### MATERIALS

All materials used in the works remain the property of Kyneton Fencing until full and final payment is made. Any debt collector fees incurred will be the sole responsibility of you, the client/debtor.

### SITE CONDITIONS

It is the client's responsibility to make all necessary inquiries to the relevant authorities and service providers to locate the exact position of all underground services including, but not limited to, gas, electricity, water, phone, drainage and sewerage.

All underground services must be accurately located and marked prior to commencement of works by Kyneton Fencing.

All care, but no responsibility, is accepted by Kyneton Fencing for any damage to underground services that might occur during works.

Upon payment of the 50% deposit, you, the client, agree to indemnify Kyneton Fencing of all third-party liabilities, including but not limited to, any resulting from damage to underground services.

The client is responsible, if/when necessary, for fees associated with and organising the boundary surveyed and ensuring the surveyor's pegs are accurately placed prior to Kyneton Fencing commencing works.

Extra costs may be incurred by the client should any hidden obstacles be struck when digging holes (such as but not limited to large rocks, tree roots, broken posts, old concrete) or if unexpected adverse site conditions are encountered. These costs may include hiring extra equipment and the ruling hour-rate for extra labour. Kyneton Fencing will endeavour to discuss any such issues at the first opportunity during the works.

Please provide adequate water and power on site or make alternative arrangements (e.g. from a neighbour or equipment hire service).

You agree to indemnify Kyneton Fencing of all public liability regards any accident and/or injuries that may occur on the work site. You are responsible for the safety and restraint of any adults, children and pets for the duration of the works. The work site requires strict adherence to workplace health & safety policies at all times.
